Qualità Benessere Gamma Design

sono alcuni dei pilastri che caratterizzano la missione di noi della Brera.

Assoluta qualità dei materiali e delle lavorazioni.

Le Reti completamente in legno; Centinaia di rivestimenti in materiali differenti, dalla pelle all'ecopelle, dal puro cotone.

Le sapienti ed artigianali lavorazioni esaltano ulteriormente la qualità dei materiali selezionati.

Le strutture realizzate con materiali di primissima scelta assicurano resistenza e comfort.

I Materassi, un'infinita gamma di assoluta qualità, tutti rivestiti in puro cotone e tutti anallergici; dalle molle alle molle insacchettate, dal lattice al sensor foam; tutti studiati per una esclusiva portanza e sostegno ottimale del corpo.

Quality Wellness Product range Design

these are some of the pillars that define the Brera team.

Absolute quality of materials and craftsmanship.

Completely wooden bed bases; hundreds of coverings in different materials, from leather to eco-leather, to pure cotton.

Expert craftsmanship further enhances the quality of the selected materials.

Structures made from top-quality materials ensure durability and comfort.

Mattresses: an extensive range of outstanding quality, all covered in pure cotton and hypoallergenic; from traditional springs to pocket springs, from latex to memory foam all designed to provide exclusive support and optimal body comfort.

Programma Boiserie e Testiere Brera

Abbinate ai sommier Brera, si aggiungono gli elementi della collezione "Boiserie e Testiere".

Il programma compone liberamente i Sommier con Boiserie e Testiere da fissare a muro, disponibili in diverse altezze e dimensioni. Si possono così formare composizioni pratiche, su misura o particolarmente importanti.

Boiserie and Headboards Program Brera

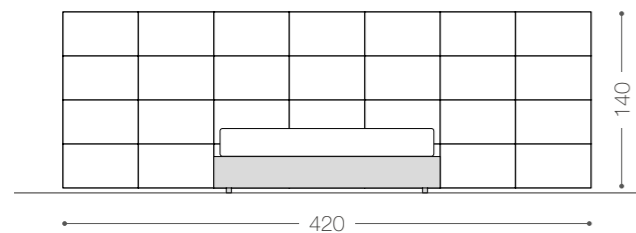

Complementing the Brera sommier, the elements of the "Boiserie and Headboards" collection are added.

This program freely combines Sommier bases with wall-mounted Boiserie and Headboards available in various heights and sizes. It allows for the creation of practical, custom-made, or particularly striking compositions.

RETE FISSA A DOGHE _ *fixed slats*

Caratteristiche:

- Struttura in multistrato di faggio.
- Giunzioni in nylon.
- Cinghie elastiche di sostegno.

Reti di serie Brera.

Features:

- Beech multilayer structure.
- Nylon joints.
- Elastic belts of support.

Brera series net.

RETE A DOGHE CON MOVIMENTO MANUALE _ *slats net with manual mechanism*

Caratteristiche:

- Struttura in multistrato di faggio.
- Giunzioni in elastomero.
- Regolatore di elasticità per fissare il giusto livello di portanza.
- Movimento manuale per regolare l'inclinazione della rete.

Features:

- Beech multilayer structure.
- Elastomero joints.
- Lift regulator for customize lift levels.
- Manual mechanism system for net inclination.

RETE FISSA A DOGHE CON SNODI _ *fixed slats net with joints*

Caratteristiche

- Struttura in multistrato di faggio.
- Giunzioni in elastomero.
- Regolatore di elasticità per fissare il giusto livello di portanza.

Features:

- Beech multilayer structure.
- Elastomero joints.
- Lift regulator for customize lift levels.

RETE A DOGHE CON MOVIMENTO MOTORIZZATO _ *slats net with powered mechanism*

Caratteristiche:

- Struttura in multistrato di faggio
- Giunzioni in elastomero.
- Regolatore di elasticità per fissare il giusto livello di portanza.
- Movimento motorizzato per regolare l'inclinazione della rete.

Features:

- Beech multilayer structure.
- Elastomero joints.
- Lift regulator for customize lift levels.
- Powered mechanism system for net inclination.
